

BASE Line

July/August 2007

Steven M. Baldrige, P.E., S.E.

Baldrige & Associates Structural Engineering, Inc. has a strong commitment to providing quality services for various communities. These are a few of the projects that we've worked on in Guam:

Todd P. Dwight, S.E.

- A new military school, **P-466 Guam High School**, located on Naval Forces Marianas Support Activity, Guam, was completed under a \$29 million design-build contract. The school opened to over 450 students on August 29, 2007.

Owner: U.S. Navy

Architect: CDS International, Honolulu, HI

Frank K. Humay, Ph.D., S.E.

- Another military school located in Guam, **Commander William C. McCool Elementary/Middle School**, is slated to accommodate 850 students. Contract award for the school was \$37 million. Both military school projects comply with anti-terrorism requirements.

Owner: U.S. Navy

Architect: CDS International, Honolulu, HI

Kylie K. Yamatsuka, S.E.

Evan A. Mizue, S.E.

John de Venecia, P.E.

Daniel R. Popp

Drew Fagent

Colm B. O'Carroll

- The new **Guam Army Reserve Center** replaces two existing facilities that were damaged during a 1993 earthquake. This building is used for the service and maintenance of military vehicles and features overhead bridge cranes, grease / oil lines, flammable storage room, mechanical rooms and a battery storage room.

Owner: U.S. Navy

Architect: RIM Architects

Fernando Frontera

Kristin Tucker

Tracy M. Duke

Woo Sung Chang

- New **Munitions Storage Igloos** support forward positioning of munitions at this strategic overseas Air Expeditionary Force Forward Operating Location. The project is located at Andersen Air Force Base.

Owner: U.S. Navy

Architect: RIM Architects

Sandra M. Yonkers

Aubrey Renteria

Diamond Ah Nee

- Located at Andersen Air Force Base, the **War Reserve Material (WRM) Facility** will be used to protect WRM vehicles, aerospace ground equipments, material handling equipment, bare base and medical assets from the corrosive Guam atmosphere and destruction during catastrophic weather and possible seismic events.

Owner: U.S. Navy

Architect: RIM Architects

Andrew Lewis

Edgar Gongora

Radley Llego

Christopher de Venecia

"BASE is strategically positioned to assist with clients in a wide range of work planned for Guam."
